PROFESSIONAL SUMMARY

Detail-oriented Web Developer with hands-on experience designing, building, and deploying responsive full-stack web applications using **JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, and MongoDB**. Proven track record of delivering functional applications across digital news publishing, commodity price tracking, and fitness management—implementing secure user authentication, dynamic search, bookmarking systems, and interactive dashboards. Seeking an entry-level **Junior Full-Stack Developer, Frontend Developer, or Web Developer** role to contribute clean, maintainable code and user-centric web solutions.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript
Frontend Development	HTML5, CSS3, Tailwind CSS, DaisyUI, React.js, Next.js, Responsive Web Design
Backend & Authentication	Node.js, Next.js API Routes / Route Handlers, Better Auth, RESTful API Integration
Database	MongoDB
Tools & Deployment	Git, GitHub, Visual Studio Code (VS Code), Vercel (CI/CD & Cloud Deployment)

SELECTED PROJECTS

Lal Khobor (লাল খবর) — Bengali Digital Newspaper Platform Next.js • React • Tailwind CSS • MongoDB • Better Auth

Full-featured Bengali digital news portal featuring a real-time breaking news marquee, secure user registration and login, article bookmarking system, and customizable reader profiles.

Live Demo: https://lal-khobor.vercel.app/

BazarDor (বাজার দর) — Grocery & Commodity Price Tracker Next.js • TypeScript • Tailwind CSS • DaisyUI

Interactive grocery and daily commodity price information platform featuring structured product categories, instant keyword price search, and multi-item price comparison tools.

Live Demo: https://bazar-dor-phi.vercel.app/

FitLog — Gym & Workout Progress Tracker React.js • Next.js • Tailwind CSS • Vercel

Modern fitness management web application designed for logging daily workouts, organizing custom exercise routines, visualizing training progress, and toggling a sleek dark-mode interface.

Live Demo: https://fit-log-by-masud.vercel.app/

EXPERIENCE

Full-Stack / Frontend Web Developer (Independent Projects) Fresher / Entry-Level Candidate

- Architected, developed, and deployed multiple responsive web applications from scratch using **React.js, Next.js, TypeScript, Tailwind CSS, and MongoDB**.
- Implemented end-to-end features including role-based user authentication (Better Auth), RESTful API route handlers, dynamic search filtering, and persistent state management.
- Managed version control via **Git & GitHub** and configured automated production deployments on **Vercel**.

EDUCATION

Bachelor of Honours **National University of Bangladesh** | Result: CGPA 2.65 Passing Year: 2023

LANGUAGES

Bengali (Native) • **English** (Professional Working Proficiency) • **Hindi** (Conversational)
